FIRST TEAM FOCUS

'I haven't seen the team yet this season that we could not beat if we played to our full potential,' said assistant manager Jon Hearne. He is in a good position to make that remark for during his two weeks of sole control - while manager Terry Hughes has been abroad - has brought Dynamos first two wins in the league. 'It is up to the players now. We are in a position where we have got competition for just about every position in the side and we hope this is now reflected in the performances.'

Today's game is quite important. A victory - with five points from the last three games closing the gap - could send Dynamos leaping upwards into one of the best positions the club has held since joining the South Western League. Jon feels they can do it, against a Penzance team that has dropped only three points in nine matches. 'It's a tough one on paper,' he said. 'But we know most of their players and I don't see why we shouldn't get a result.'

DYNAMOS' CLUB NOTES

THE BARE FACTS

The story of the season to date must be that of the Dynamos player who travelled back to Newton Abbot from Plymouth - without his clothes on!

It happened last Saturday after the Reserves cup game at South Brent. The man in question was Simon Loosemore who spent more of the afternoon travelling than playing. Journey one was to South Brent. Then came the serious trip to Freedom Fields Hospital with the fear that Simon might have a broken leg. Finally, with the relief of knowing that he was only suffering from a badly bruised leg, Simon was driven back home by manager Tom Prentice - wrapped in a blanket. His clothes had been left at the ground. It was a happy ending at Newton Abbot, with Simon and clothes re-united!

Though the first team's progress in the SW League has been the highlight of the past month attention is certainly switching to cup events at present. Following their first round Greenway Cup win last week the Reserves this afternoon are playing a local derby against Newton United in the Herald Cup second round.

Next week both the first team and the Colts are also in cup action - the former against SD League club Teignmouth in the third round of the Devon Premier Cup, and the latter against Torre Trojans, one of the favourites for the Professional (Under-15) Cup.

For the first team it is one of those matches where morally they have nothing to win and everything to lose as they are expected to make progress against a side from a lower league. For the colts the boot is very much on the other foot. They have a mountain to climb - literally in size and weight - if they are to oust Trojans and pull a giant killing act.

R E S E R V E S R O U N D - U P

'It was like a battlefield,' said manager Tom Prentice after his victorious troops had dragged their aching limbs off the pitch last Saturday. But he didn't blame the opposition for the bangs and bruises the lads had suffered, but the pitch. 'It had a lot to do with it. It was very bumpy and players on both sides found it difficult to cope with. South Brent were hard, but fair and the fact it was a cup game added to the furor.'

Tom ended up at Freedom Fields Hospital, Plymouth, with Simon Loosemore. At first it was thought he had broken a leg in going for a fifty-fifty ball just before the interval. Fortunately it turned out to be bad bruising.

Mike Harris scored his first cup goals of the term as the reserves battled their way into the quarter-finals of the Greenway Cup. An own goal helped them to a 3-1 margin over South Brent Reserves and maintained their 100 per cent record for the season in all competitions.
